 README

The screenshot shows the GitHub Actions interface for the repository 'SHARMIL7 / Retail-Order-Management-Platform'. The 'Actions' tab is selected, displaying a list of workflow runs. A single workflow run is shown, titled 'Added GitHub Actions CI pipeline', which is in a 'Completed' state. The run was triggered by a push to the 'main' branch by user 'SHARMIL7'. The workflow name is 'Retail Order Management CI Pipeline #1: Commit 5e43294 pushed by SHARMIL7'. The run completed 23 minutes ago and took 18 seconds. The left sidebar shows the repository structure with options like 'Caches', 'Attestations', 'Runners', 'Usage metrics', and 'Performance metrics'. The Windows taskbar at the bottom shows the date as 18-05-2026 and time as 11:19.

This screenshot is identical to the one above, showing the same GitHub Actions workflow run. The only difference in the Windows taskbar is the time, which is now 11:27.
